

NEPA Analyst, Field Biologist

2 months ago

Job ID 2022-6862 **# of Openings** 1 **Location** US-NM-Albuquerque **Type** Regular Full-Time

Overview

NV5 (NASDAQ: NVEE) is a provider of engineering and consulting services to public and private sector clients, delivering solutions through six business verticals: Testing, Inspection & Consulting; Infrastructure; Utility Services; Environmental Health Sciences; Buildings & Program Management; and Geospatial Technology. With offices nationwide and abroad, NV5 helps clients plan, design, build, test, certify, and operate projects that improve the communities where we live and work.

As engineers, architects, construction/program managers, environmental professionals and beyond, we play a significant role in shaping our communities through the services we provide. We are looking for passionate, driven individuals to join our team focused on *Delivering Solutions and Improving Lives*.

NV5 is seeking a full-time National Environmental Policy Act (NEPA) Analyst for our Albuquerque, NM office. The analyst will assist with planning and environmental projects.

Responsibilities

- Assist with environmental projects and work with planners, scientists and cultural resource specialists (including historians and archaeologists), assigned to the New Mexico and Southwest region offices
- Establish, maintain and monitor schedules, budgets and staffing for projects.
- Ensure projects are completed on time, within budget and of the highest quality.
- Maintain and expand client relationships.
- Assist with marketing NV5 to existing and other potential clients to obtain new contracts.
- Prepare NEPA documents including categorical exclusions, environmental assessments, and environmental impact statements.
- Assist with public involvement activities including preparing meeting materials, organizing and facilitating public meetings, and preparing public meeting summaries.

Qualifications

- Bachelor's degree in planning, civil engineering, environmental sciences, geography, or other related field; or Master's Degree in Biology, Archeology, Anthropology or other environmental science
- AICP certification a plus.
- Minimum of 5+ years of experience in planning or environmental services
- NEPA experience required.
- NMDOT experience a plus
- Knowledgeable about plant and animal identification in the Southwest
- Strong problem solving and planning skills

- Experience in managing tasks and leading field efforts

NV5 offers a competitive compensation and benefits package including medical, dental, life insurance, PTO, 401(k) and professional development/advancement opportunities.

NV5 provides equal employment opportunities (EEO) to all applicants for employment without regard to race, color, religion, gender, sexual orientation, gender identity or expression, creed, citizenship status, ancestry, pregnancy, childbirth or related medical conditions, national origin, age, disability, genetic information, marital status, amnesty, or status as a covered veteran in accordance with applicable federal, state and local laws. NV5 complies with applicable state and local laws governing non-discrimination in employment in every location in which the company has facilities. This policy applies to all terms and conditions of employment, including, but not limited to, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation, and training.
